

Camille Auvity

Triple Degree MEng & MiM & MiFEng

camille.auvity@edhec.com | +33(0)6.95.64.36.12 | GitHub | Portfolio

Education

EDHEC Business School, Nice

2026 – 2027

MSc in Financial Engineering (FEng) | #5 Worldwide Master in Finance (Financial Times)

- Coursework: Advanced Derivatives, Equity Derivatives, Continuous Time Finance, Advanced Fixed Income & Credit, Quantitative Portfolio Management, Enhanced Statistical Arbitrage, Empirical Methods in Finance, Machine Learning.

École des Mines, Saint-Étienne

2022 – 2026

Master in Engineering | #10 Engineering school in France

- Data Science Track: Advanced Data Science (Advanced Statistics, Probabilities, Machine Learning, Stochastic Calculus & Optimization), Operations Research, Coding (Python, R), Applied Mathematics.

Emlyon Business School, Lyon

2022 – 2026

Master in Management (French “Grande École Program”) | GPA 4.0/4.0

Exchange in Chile (6 months)

- Coursework: Fixed Income, Derivatives, Greeks, Exotics Derivatives, Structured Products (Monte Carlo), Option Strategies, Financial Analysis of Strategic Movements.

Lycée Stanislas, Cannes

2020 – 2022

French “Classe Préparatoire aux Grandes Écoles” | Mathematics & Physics section

Professional Experience

Silex Investment Partners - Geneva, Switzerland

Mar 2026 – Aug 2026

Quantitative Analyst

- Designed and calibrated stress-test scenarios (shocks on spots, volatility surfaces and correlation) to assess structured product resilience. Quantitative analysis of market price fluctuations via Greeks decomposition across the client base.
- Optimized worst-of basket composition via correlation and volatility dispersion analysis to maximize autocall coupon levels under given risk constraints for the structuring team.
- Developed a methodology for extracting and interpolating implied volatility surfaces via LexiFi. Implemented a market data storage infrastructure for pricing model backtesting.

Videtics - Sophia Antipolis, France

Apr 2025 – Jul 2025

Data Scientist

- Developed a deep learning model for automatic classification of camera statuses (blur, obstruction...), with a complete PyTorch training pipeline (data augmentation, custom loss functions, Grad-CAM for explainability).
- Fine-tuned model performance with the AI team and integrated the solution into production for dozens of clients.

Performance Group - Los Angeles, USA

Jul 2023 – Dec 2023

CEO Assistant

- Spearheaded digital project proposals and strategic tender responses, resulting in 4 major bids won.
- Built strong client relationships through effective communication and deep understanding of objectives.
- Led digital teams, fostering high-performance environments and supporting ad strategy creation for clients.

Leadership and Projects

Personal Project – Quantitative Strategy Development

Jan 2026 – May 2026

- Built a real-time 0DTE options monitor on S&P 500 (Interactive Brokers API) computing Greeks up to third order.
- Developed a minute-by-minute pipeline tracking volume surges and dealer positioning for high R/R signals (1:10).

Declic Photography Association – Emlyon | Training Manager

Mar 2024 – Jul 2025

- Organized educational workshops to improve photographers' skills and ensured quality for over 450 annual events.

4L Trophy (Humanitarian Rally Across Morocco) | Project Manager

Jan 2023 – Feb 2024

- Raised over €15,000 through sponsorships and fundraising campaigns, demonstrated teamwork and problem-solving.

Skills

- **Languages:** French (Native), English (Fluent), Spanish (B2)
- **Technical:** Python (NumPy, Pandas, Scikit-learn, PyTorch), SQL, Power BI, C, Java, Excel, Matlab, R, Office, Git
- **Soft Skills:** Problem-solving, Autonomy, Teamwork, Reliability & Time Management
- **Certifications:** Driving License (B1), Coastal Boat License

Interests & Additional Information

- **Interests:** Sport (Golf – handicap 0, Running – marathon in 3h38, Trail, Surfing, Cycling), Photography, Volunteering
- **Personal Traits:** Dynamic, Curious, Reliable, Intuitive, Empathetic, Fast Learner, Attentive Listener, Conscientious
